Health and Physical Education

First Terminal Examination Answer Key (2026-2027)

Class: 9

Total Score: 15

Q. No.	Answer / Explanation	Score
1	**Emotional Health** *Emotional health is an individual's psychological ability to overcome life's challenges with equanimity and balance.*	1
2	**Both Statement 1 and Statement 2 are correct.**	1
3	**(i) Agility:** The ability to change direction rapidly and accurately while maintaining balance. *Example:* The movement of a football player quickly dodging opponents with the ball on the field. **(ii) Speed:** The ability to move all or part of the body as quickly as possible over a distance in the shortest time. *Example:* Usain Bolt crossing the finish line first in a 100-meter sprint race.	2
4	**Benefits of practicing Padahastasana:** ● Provides flexibility to the spine and strengthens the associated back muscles. ● Increases flexibility of the hips/waist. ● Provides a good stretch to the calf and hamstring muscles. ● Improves and aids the digestion process. ● Enhances blood circulation to the upper body and nourishes vital organs. ● Helps regulate metabolic activities.	2
5	**Kyphosis:** A postural deformity characterized by an excessive outward curvature of the spine in the upper back (thoracic region), leading to a rounded back or hunchback appearance. **Symptoms:** ● Development of an abnormal curve/hump in the back. ● Stiffness and pain in the upper back.	2

Q. No.	Answer / Explanation	Score
	● Weakness in the back muscles. ● Difficulty breathing / breathlessness (in severe cases).	
6	**Aerobic Exercise:** Physical exercises of low to moderate intensity that depend primarily on the aerobic energy-generating process (requiring higher consumption of oxygen) and can be sustained over an extended period. **Examples:** ● Running / Jogging ● Brisk walking ● Cycling ● Swimming ● Aerobic dancing, Rope skipping, Badminton, Football	2

Question 7 (Answer any one - Score: 2)

Option	Answer / Explanation	Score
7 A	**Lifestyle Diseases:** Health disorders resulting from unhealthy lifestyle habits, faulty dietary choices, lack of physical activity, smoking, alcohol consumption, and prolonged mental stress. **Major Causes:** ● Lack of regular physical exercise / sedentary lifestyle. ● Improper dietary habits (junk food, high-fat foods). ● Mental stress and anxiety. ● Lack of adequate sleep. ● Substance abuse (smoking, alcoholism).	2
7 B	**Energy Balance:** The state where the energy intake (calories consumed through food) equals the energy expenditure (calories burned through basal metabolic rate and daily physical activities). **Effects of Imbalance:**	2

Option	Answer / Explanation	Score
	• **Energy Intake > Energy Expenditure:** Excess energy gets stored as body fat, leading to weight gain and obesity. • **Energy Intake < Energy Expenditure:** The body lacks sufficient fuel, resulting in weight loss, physical exhaustion, muscle wasting, and nutritional deficiencies.	

Question 8 (Answer any one - Score: 3)

Option	Answer / Explanation	Score
8 A	**Text Neck:** A modern postural deformity and repetitive stress injury caused by excessive strain on the neck muscles and cervical spine due to looking down at mobile phones, tablets, or electronic screens for extended periods. **Causes:** • Faulty body posture (looking downwards continuously). • Muscle stiffness and strain in the neck and shoulder region. • Excessive use of electronic gadgets (texting, browsing, social media). **Remedial / Preventive Measures:** • Maintain proper ergonomic posture. • Take regular breaks from digital screens. • Practice regular neck and upper back stretching exercises to relieve tension. • Hold mobile phones and devices at eye level. • Perform beneficial yoga postures (Bhujangasana, Vakrasana).	3
8 B	**(i) Benefits of Yoga Practice:** • Enhances physical and mental fitness, vitality, and alertness. • Improves joint flexibility, muscular strength, and posture. • Optimizes the efficiency of cardiovascular, respiratory, and digestive systems. • Relieves stress, anxiety, and improves emotional stability. **(ii) Key Points to Keep in Mind During Yoga Practice:** • Practice on a clean mat or clean level floor. • Best practiced in the early morning or evening on an empty stomach.	3

Option	Answer / Explanation	Score
	• Breathe rhythmically and smoothly through the nose. • Rest in Shavasana (Corpse Pose) if tired or experiencing strain. **(iii) Examples of Asanas:** Padahastasana, Vakrasana, Vrikshasana, Bhujangasana.
